How the course works

English for Everyone is designed for people who want to teach themselves the English language. Like all language courses, it covers the core skills: grammar, vocabulary, pronunciation, listening, speaking, reading, and writing. Unlike in other courses, the skills are taught and practiced as visually as possible, using images and graphics to help you understand and remember. The practice book is packed with exercises designed to reinforce the lessons you have learned in the course book. Work through the units in order, making full use of the audio available on the website and app.

Films out this Friday

Bankbreakers is a film about some friends who decide to rob a bank. They use the internet to find which banks in Europe hold the most money and valuable items. First they go to a bank in Munich, turn off the alarms, and steal some money and jewelry. After a successful robbery, the thieves decide to rob another bank in Paris. This time, they get caught by video surveillance cameras and they go to prison. I didn't enjoy the film. I thought it was a bit slow and not very well acted. *The King* is a film version of the Shakespeare play *Macbeth*. After a big battle, Macbeth meets three witches who tell him he will become Thane of Cawdor and then king. Although King Duncan gives Macbeth the title of Thane of Cawdor, Macbeth and his wife plot to kill him. I thought the film was thrilling because the story is exciting. I liked it a lot.

Cathy is living in London now. On Wednesday, I'm visiting Mike. Mike is working at the school on Grange Road. He really loves it there. On Thursday, I'm going swimming with Paula. It'll be great to see her.
